Keeping Everyone Safe

All staff and adults working at Leigh Academy Cherry Orchard have a responsibility for the safeguarding and the protection of students. All staff and adults must remember that the welfare of children is the paramount consideration in our school.

All adults working with children must at all times act professionally, ensuring that they are always providing a supportive, safe and secure environment.

We have a clear policy relating to safeguarding our students as well as child protection. This and more detailed guidance material is available from the school. What follows are summary points and guidance notes on these procedures.

Staff and adult volunteers have a crucial role to play in shaping the lives of young people. They have a unique opportunity to interact with students in ways that affirm and support their learning environment.

These notes have been produced to help staff and adults in school being placed in difficult situations or being accused of improper or unprofessional conduct.
